

CLIENT PROFILE

Golub Group
Colin Higgins, President

Established as an independent investment advisory firm in 2003, Golub Group serves the wealth management and financial planning needs of families, individuals, foundations, and endowments, as well as business-owners seeking advice with their pension and profit sharing plans. Their clients receive institutional grade investment management and comprehensive advice with respect to their financial futures. They lead their clients through a process of discovery to learn about what's important to them and about the future they want to create. They consider their current and future financial resources, commitments and liabilities, risks and risk-appetite over relevant time horizons, and derive a plan to meet the goals that are articulated through this process.

"We work collaboratively with other trusted advisors of our clients in areas of law, tax, banking and risk management to ensure a comprehensive wealth planning relationship," said Golub Group President, Colin Higgins. "Golub Group is a proud partner of Presidio Bank since 2013 and appreciates the personalized and best in class service offered."

Given their mission of securing better futures, they focus all principles, practices and processes on building sustainable wealth for their clients. "Wealth is sustainable when sufficient and grown as part of a holistic plan designed to ensure financial resources are sufficient to achieve a client's vision and goals in life and legacy. Each client's vision and goals are as unique to them as the amount of wealth they've accumulated. Our job is to understand what each client's vision and goals are and to help them create a financial plan and investment strategy that will give them the highest probability of success achieving them leveraging that wealth.
