

eBanking New Graphic Interface – September 2018

In our continuing effort to provide you with an intuitive digital banking experience, we are pleased to let you know that a refreshed graphic interface will be released on Friday, September 21, 2018. All functionalities will remain unchanged; however, you will notice a cleaner and brighter look and feel with the different screens of eBanking, starting with the logon page.

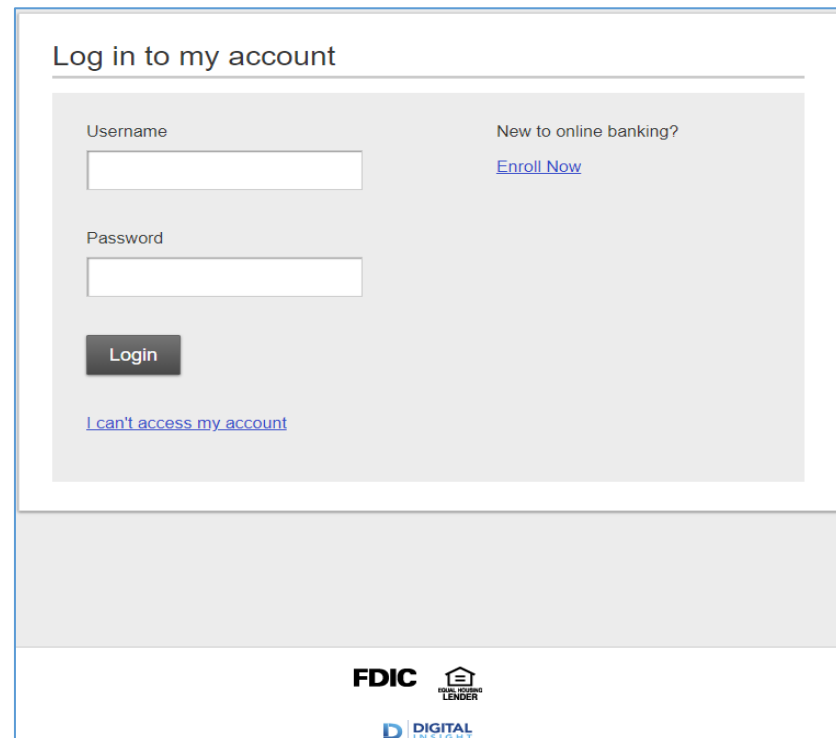

The following screen shots will show the differences between the current page-view versus what it will look like after the release is implemented. Only screen shots are being shown for those pages that have a dramatic visual change.

Current Logon Screen

The current logon screen features a grey-themed layout. At the top left is the Presidio Bank logo. The main content area is divided into two columns. The left column contains the 'eBanking Login' form with fields for Username and Password, a 'Login' button, and links for 'New User?' and 'Browser compatibility test'. Below this is an 'Additional Links' section with 'Security Information' and 'Online banking disclosure'. The right column contains 'Important Announcements' regarding a Labor Day closure and 'Report Suspicious Activity' instructions. At the bottom are logos for Norton Secured, FDIC, Equal Housing Lender, and Digital Insights.

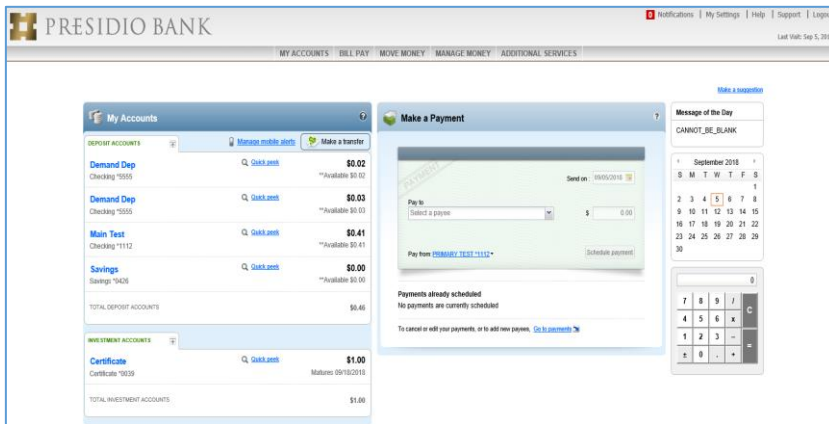

New Logon Screen

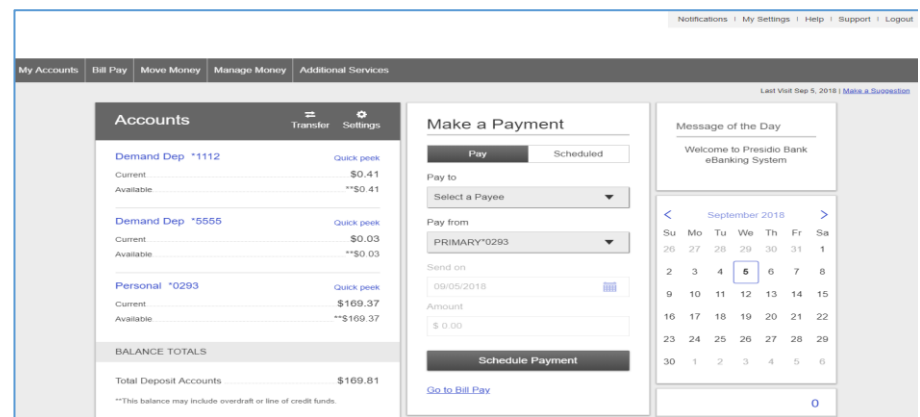

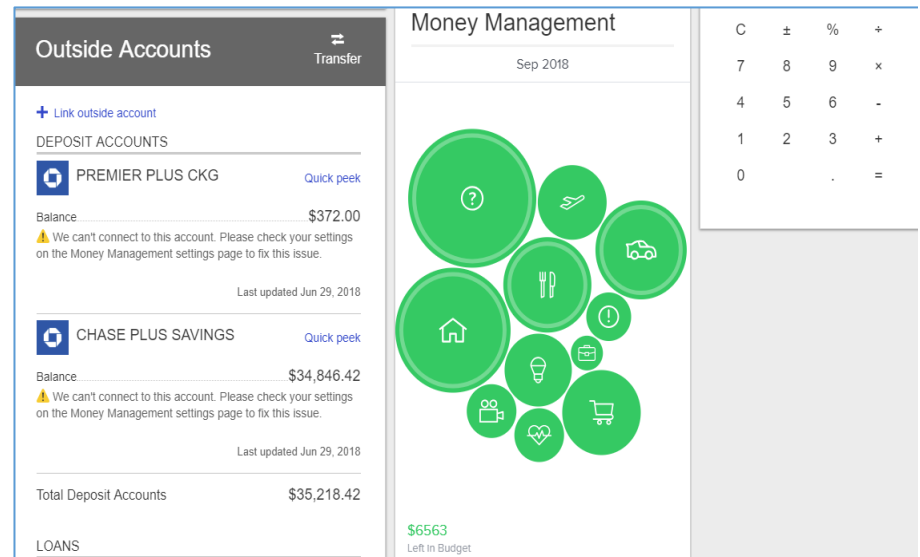

The new logon screen has a clean, white background. The heading 'Log in to my account' is centered at the top. The login form is a single large box containing 'Username' and 'Password' fields, a 'Login' button, and a link for 'I can't access my account'. To the right of the form, there is a 'New to online banking?' section with an 'Enroll Now' link. The footer features the FDIC, Equal Housing Lender, and Digital Insights logos.
